★ The New Ranma Project ★

Lots of little one-off stories in this book. As a result it's a real mishmash of people. Also this is the third of the five books we had the proper Shonen Sunday book to work from.

The main center of it is another tour de force from TomCat on the Ranma & Ryoga as Children story. Sure wish TomCat had discovered us months earlier than he did. He's far from the most productive translator, but I think for the chapters he did, he may be the single best person at this from the whole project.

The rest of the book has a lot of first official chapters by several people. When a new translator completed the practice chapter, they needed to move on to their first official chapter. Whenever I could, I'd give new people a one-shot chapter. Something easy that in my mind didn't really count as much, to ease them into the project and weed out people who weren't really serious about our work. The first official chapters for Baladen, Doug_W, and DarkAsh are all in this book. I think it paid off, since all of them turned out to be really good at this. :)

Down at the end you'll catch a peek at Bradster, another translator with lots of talent and potential who sadly joined far too late in the project to make a huge impact. He's a real scientist, a chemist. The brainiac of our team. ^_^

Aging mush-rooms?
You mean that you get younger when you eat these mushrooms?
Yeah... That's what the old man said...
The aging mushroom will make you as young as it's size.
Eating the 5 cm one will make you 5 years old. The 10 cm one, 10 years old...
That means if you grow these mushrooms to 16 cm and eat them
I'll return to normal
That is why I cannot let anyone see me this way
Give my regards to Akane
SNAG!
Hold on Ryoga
Stop treating me like a stranger
TRIP!

An "emo" destroyer?
Yes!
School success "ema" that students offer while taking school entrance exams in hope for their wish to come true....
There's a wicked person destroying them.

Ahu o peoper, pit pis by bob pu pop pit.

Yoh, Yoh!
Just stop talking with your mouth full, okay?

Ah, they're here, they're here

Hi, Ukyo
Yo, Ut-chon
AH!
The "ema" destroyer struck here again How awful!
People will soon be making their first visit to the temple of New Year.
Even poor Miko was scored away by the incidents
At this rate my Shinto shrine will ..
Ooh!
Why would somebody do this ...

Oh stop! You're embarrassing me

I ain't exactly giving you praise

In my humble Shintaro Shrine I raise a very divine and sacred horse by the name "Success in Life", but I call him Shutsemaru far short.
That "ema"'s picture is ...
Of Shutsemaru. Everyone sketched by me.
It's a real horse?
But it's ...

It's an awful drawing
Yeah!

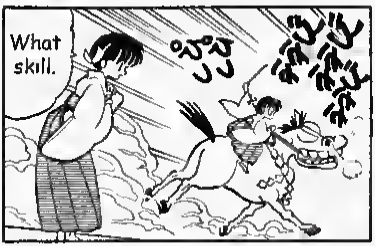
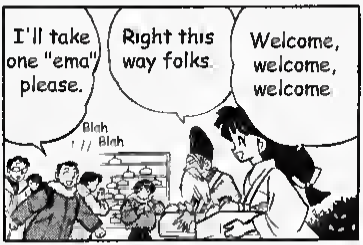
We'll let this "ema" be in
Chorge of our bright future together

Aaaaoh! Hugou-kun.
Bash
You jerk!
Heh!
Now let's see who's in charge, you stupid horse.

Hiya!



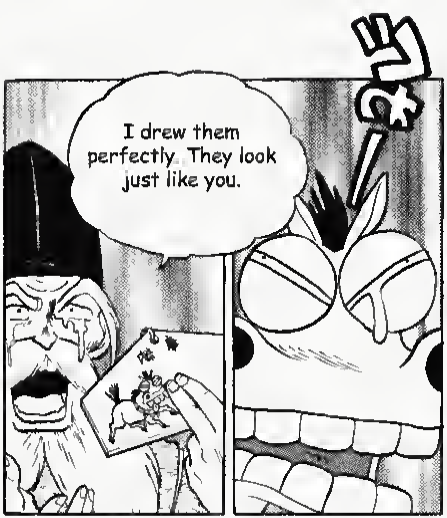
What skill.



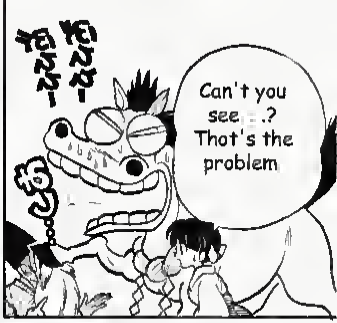
I'll take one "ema" please.
Right this way folks.
Welcome, welcome, welcome
Blah Blah

Heh, a sacred horse is just a dumb animal after all
All I have to do is spereate it from the "ema" place like this . . .

Eeh?!
We have ta stop it
Ah...
Ah.
Ah...
Choooo
Gaaah!
Aaah no! My "ema"! My "ema"!
Why, Shutsemaru? Why are yau doing this?

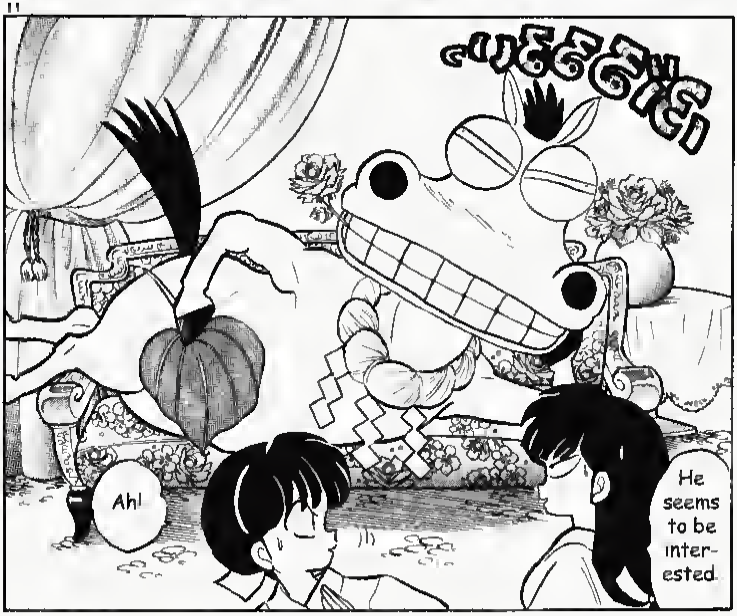


I drew them perfectly. They look just like you.



Can't you see...? That's the problem.

He might stop.
Maybe, if you drew him a little cuter.



He seems to be interested.
Ah!

La-la!
What are you drawing, Ms. Saotome?
Shh! Shut up, don't distract me I'm consentroting.
Oh, I know! It's a praying mantis.
It's a horse!

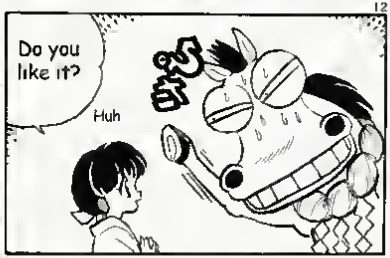
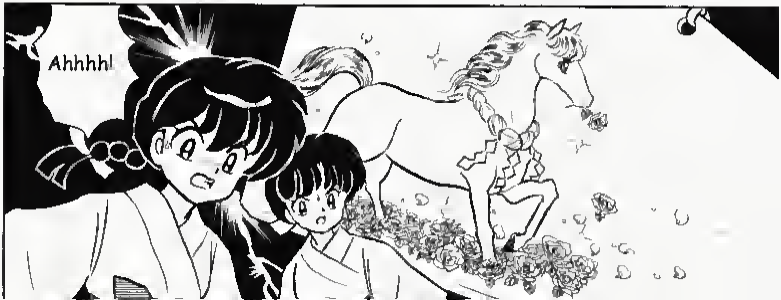
Okay, I'm done!

Here!



Do you like it?
Huh

You jerk! Why'd you only hit me?
Okay, I'm finished!
blink
Ohhh!
That's very good.
Hmph!
I get it! An excellent cook also has a natural ability for fine art.
Hm?



Ahhhh!

I... it's really good, but...
It doesn't look like a real horse any more.
Wheeeee, I want to scribble on it.
Waah! It's mad.
It's your fault!

Happou-goen-sotsu!

Heh!
So, have you learned your lesson, you enemy of examinees
That sure was dangerous, huh everybody?
It was your fault!
But...
This doesn't solve the problem
...ch'n

15

If the picture of Shutsemoru continues to be on the "ema," then
He'll keep on coming and destroying all of them

Well, I don't have any choice but...
It's not as divine as Shutsemare
But maybe a picture of a wild boar...
いの

16

Wow!! Don't tell me...
You also raise a sacred boar at the Shinto shrine
Yes, there is a sacred boar named "Perfect" or Montenmaru for short
ジジジ
We have "ema"
Let's head back.
Definitely!

And this guy has come to pay you back for what happened?

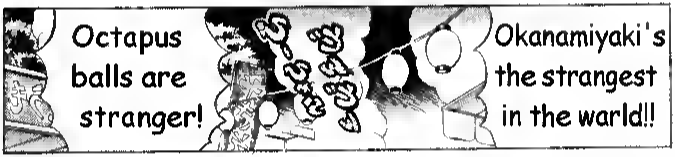
I'm not smiling!

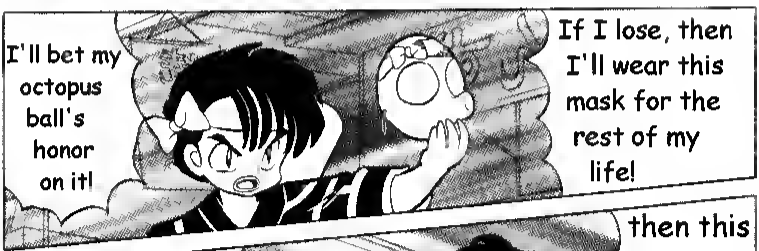
Oh! That's the mask that...

So you finally remembered, Ukyau.
Everything that happened on that fateful day.

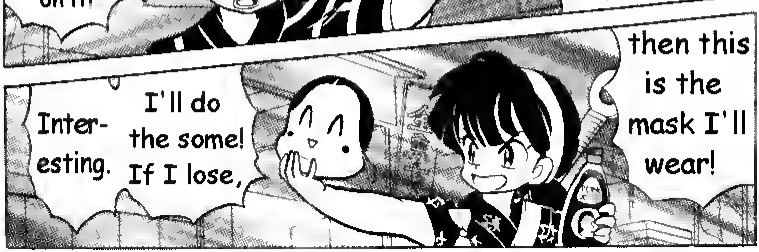
Fateful day?
What happened between these two back when they were kids?



Octapus balls are stranger!
Okanamiyaki's the strangest in the warld!!

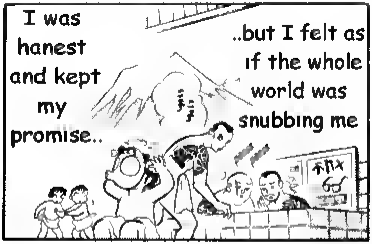


I'll bet my octopus ball's honor on it!
If I lose, then I'll wear this mask for the rest of my life!



Inter-esting.
I'll do the some! If I lose,
then this is the mask I'll wear!

And after my defeat
My life became a living hell.



I was hanest and kept my promise..
..but I felt as if the whole world was snubbing me

I was rejected by girls countless times.
I'm sorry.
I think a person who drinks milk with a straw is a little

But, what really hurt the most..

Was that autumn day when a mosquito flew into my mask
It itches !!!
Ooh Ooh

Yau basically killed me... and you say you'd forgotten about me.
Hwoooo

So what was the point in wearing that mask day in and day out, rain or shine?!
Because you're a fool.
Ukyo, can't you use a little more tact?

Hey!
stomp
Take this mask off me right now!
Heh.
Thot mosk is mode out of octopus ball batter with glue inside...
If you wont to toke it off, heat it in the fire.

It's all over now.
Are you OK, Ukyo?
Grrr..

Even though it's hard for me to do... I'll admit my defeat
But..
I'm not going to wear that stupid mask.
smirk
Fine.
Finally...
I'm free from the life of discomfort that I endured wearing the mask!
Sorry. It was my fault.
Hm?

You coated the inside with that glue-filled octopus ball batter?!
I figured if he lost, I wouldn't have to tell him about it for a while.
Ah, damn it! The tip of my nose is itching!
If you heat it in the fire, it'll come off, right?
